### Watch this free webcast to:

- Learn about cybersecurity threats facing small businesses, including cybercriminals and fraudsters who may take advantage of the COVID-19 pandemic
- See how you can reduce fraud with payment controls and risk assessments
- Learn how to implement and maintain secure technology controls

Our 2020 series is designed to help you hear from leading voices in business, gain valuable insights and drive growth for your company.

When you register, you'll get a link to watch the session live or on-demand. On-demand replay will be available one hour after the webcast is over. Registration is required for live viewing or on-demand viewing. The registration link is the same for live or on-demand.
